The Credit Agricole Group is enhancing its position in the Polish automotive financing market. Starting from the beginning of 2026, **the car financing loan offer from Credit Agricole Bank Polska will be assumed by the Polish branch of CA Auto Bank.**

Both Credit Agricole Bank Polska (CABP) and CA Auto Bank (CAAB) are part of the French Credit Agricole Group, one of the world's 10 largest financial institutions and a leader in retail banking in Europe. *"The decision to implement this change is driven by the dynamic development of the market and the growing needs of our clients and partners. We are convinced that entrusting the entire automotive financing segment to the specialized entity of the Group will allow us to better tailor our solutions to the expectations of current clients and attract new ones"* explains **Bernard Muselet, Senior Country Officer of the Credit Agricole Group in Poland.**

CA Auto Bank is a leading European player in the sector of vehicle financing, leasing, and mobility. The company partners with over 70 brands and more than 10,000 dealers across Europe, actively accelerating the energy transition and the democratization of access to low- and zero-emission vehicles. In Poland, the CA Auto Bank Group is represented by **CA Auto Bank Oddział w Polsce** (CA Auto Bank branch in Poland).

*"For nearly 30 years, we have leveraged our local experience in mobility financing. We provide our partners not only with global capital strength and security but also with a deep understanding of Polish market dynamics and client expectations. This positions us as a banking partner that delivers not just a product, but also substantive and commercial support"* says **Marcin Zakrzewski, Country Manager of the Polish branch of CA Auto Bank.**

In addition to traditional loans with monthly installments, the CA Auto Bank offer includes innovative solutions, such as balloon loans (featuring low monthly installments and a final
